Staff Moments

Rose, Registered Manager

As the Home Manager, I am proud to be part of the Chamarel community. My focus is on clear communication, strong organisation, and making sure residents receive thoughtful, personalised support. I enjoyed getting to know each resident and team member, understanding what matters to you all, and helping staff deliver care that feels kind and consistent. Outside of work, I find joy in warm weather, living in the country and spending time with my little dogs. Chamarel is more than a workplace; it's a family, and I am grateful to help guide it.

Dipa, Team Leader

Hi, my name is Dipa. I am originally from Nepal, where I completed my higher education. I am now living and working in the UK, which I am proud to call home. I live with my husband and our son, and I feel very grateful for the life we have built together here. I have worked in healthcare for the past nine years. I started my career as a Support Care Worker at Chamarel and, through hard work and dedication, I am now proud to be working as a Team Leader. Working in healthcare has given me the opportunity to support and care for others, and it has been a very rewarding journey. Outside of work, I love travelling and exploring new places, meeting new people and creating wonderful memories with my family.

Resident Moments

MW enjoyed a relaxing foot spa, and especially liked listening to a storybook while his feet soaked. A lovely moment of calm and shared time.

RH enjoyed a shopping trip with staff, choosing some of his favourite foods and drinks and picking out the things he likes best.

Our residents spent an afternoon together over Ludo and puzzles, with plenty of fun, laughter and friendly competition.

KA has moved into a new room and is delighted with it. He says it has helped him feel more confident walking around, and it has been lovely to see.

KW is very excited to be going on her spa holiday. She has done her shopping and is all packed and ready to go, looking forward to some well earned pampering and a wonderful time away.
